SUMMARY

Motivated Software Engineering student seeking an internship opportunity to apply my skills in full-stack web development. I have experience with HTML, CSS, JavaScript, PHP, and MySQL, and I am committed to learning and contributing to real projects.

EDUCATION

BSC in Software Engineering

- ICBT Campus | 2026 – Present
- Currently pursuing a Bachelor's degree focused on advanced software development, system design, and modern programming technologies.

Higher Diploma in Software Engineering

- ICBT Campus | 2024 – 2026
- Completed advanced studies in software development, including web applications, databases, and full-stack programming with hands-on project experience.

Accounting

- AAT | 2018 – 2021
- Completed foundational accounting studies, gaining knowledge in financial management, business accounting principles, and analytical thinking.

PROJECTS

AI CV Analyzer System (AI System | 2026)

- I developed an AI-based CV Analyzer System that extracts and analyzes candidate CV data to generate skills, experience insights, and summaries. The system improves recruitment efficiency through automated parsing and intelligent classification.
- Tech Stack: React, Node.js, Express, MySQL.

Inventory Management System (Full Stack | 2026)

- I built a full-stack Inventory Management System to manage stock, products, sales, and reporting through an admin dashboard. The system includes product CRUD operations, stock tracking, and sales analytics.
- Tech Stack: PHP, MySQL, Bootstrap, JavaScript

Gym Management System (Web App | 2024)

- I developed a web-based Gym Management System for managing members, attendance, payments, and admin operations. The system simplifies gym administration and record handling.
- Tech Stack: PHP, MySQL, HTML, CSS

School Management System (Group Project | 2025)

- I contributed to a team-based School Management System with web and mobile applications for managing students, teachers, attendance, timetables, and results. The project improved collaboration using Git.
 - Tech Stack: React, PHP, MySQL, Flutter/Android
-

WORK EXPERIENCE

Aramco Agency

- Assistant Manager | 2024 – 2025
- Worked as an Assistant Manager, supporting daily operations and assisting in team coordination, administrative tasks, and workflow management to ensure smooth business operations.

Aramco Agency

- Customer Care Executive | 2021 – 2024
- Served as a Customer Care Executive, handling customer inquiries, resolving complaints, and providing high-quality service to ensure customer satisfaction and retention.

SKILLS

Programming Languages

- PHP, Java, C++, JavaScript

Web Technologies

- HTML, CSS, Bootstrap, React

Database

- MySQL

Tools & Platforms

- Git, GitHub, VS Code, XAMPP

Core Concepts

- Object-Oriented Programming (OOP), Software Testing, Database Management

Soft Skills

- Problem Solving, Teamwork, Communication, Time Management
